# 1 General Behavior

Human behavior is the response of individuals or groups of humans to internal and external stimuli. It refers to the array of every physical action and observable emotion associated with individuals as well as the human race. While specific traits of one's personality and temperament may be more consistent other behaviors will change as one moves from birth through adulthood. In addition to being dictated by age and genetics, behavior driven in part by thoughts and feeling is an insight into individual psyche, revealing among other things attitudes and values social behavior, a subset of human behavior study the considerable influence of social interaction and culture. Additional influences include ethics, social environment, authority, persuasion and coercion.

University support the learning well being and safety of all students and collaboration between staff. Administration of University is responsible for developing a discipline policy consultation with the academic community. Generally university students must follow these procedure of good behavior.

- Should not damage any university property in any manner
- Talk with other students with calm
- Talk with a respectful and non-threatening manner
- Listen to other students ideas
- If a student's behavior is extremely distractive or dangerous, seek support of University staff.

As mentioned facts above must be general behavior of University students. They have seek further behavioral rules in other contexts inside University as well.

## 2 In the Classroom

Regardless of discipline, universities face ethical issues inside the classroom around a variety of sensitive topics. There are many forms of ethical inquiries to guide students,

- Students must be punctual.
- They must be seated properly on time before the lecturer enters the classroom.
- Maintain silence.
- After entering the classroom each student must keep quite. They should not talk with each other, or must not make unnecessary noises.
- Students must not talk to each other while the lecturer conducting the lecture.
- Students must obey the lecturer.
- Students must do what the lecturer requests to do. They must do their homework and assignments and submit them on time.
- Students must not sign for absent colleagues. That is illegal and a bad manner.
- Students must not leave or enter the classroom without the permission of the lecturer.
- Students must ask questions or talk to the lecturer in a polite manner. Better to raise your hand and ask the questions clearly and politely
- Do not use cellphones, they must be in silent mode.
- Must concentrate on the lecture and must co-operate to the studies.
- Students must not eat meals.

### **3 During Practical**

- Should wear personnel protection equipment
- Students should ready the practical before 10 minutes
- Should not eat, drink or use mobile phones while doing the practical.
- Should follow the instructions given by the instructor
- Should obey the general rules at the place (laboratory or workshop)
- Should not wear silky or loose dresses.
- Should wrap the hairs tightly
- Should protect the equipment and must handle them carefully
- Should not talk with each other noisily
- Should follow the correct process
- Should know the emergency exit and button
- Should not use damaged instruments
- Should work in proper environment conditions
- Should clean the place before leave

## **4 During Field Visits**

- Should obey the rules and regulations provided by the relevant industry or the factory.
- Should follow the instructions shown in the manufacturing areas.
- Should follow the relevant safety precautions.
- Should attend on the relevant venues by the relevant time
- Should wear a suitable dress code

## **5 During Examinations**

- Student have to be present at the examination hall at least 10 or 15 minutes before starting the exam.
- After entering the exam hall, students should go to the seat assigned to them and cannot change it without supervisors permission.
- Student must have their Student ID or NIC and admission.
- Students will not get any notes with them, when they enter to the examination hall.
- Students must be polite in the examination hall.
- Student has to follow the instruction in the paper and also supervisors.
- Students don't to do any copy from the answer script of any another student.
- Student must obey to the supervisor's in the examination hall.
- Student do not make any disturbing noises in the hall.
- Do not eat in the exam hall.
- Do not write anything top of the tables in the hall.
- Students can not use any personal papers for writing answers.

## **6 Meeting with VC/Dean/Heads**

- Should behave in a respectful manner
- Should talk politely
